NOTICE.—The following Bill is introduced:—*Madras District Municipalities (Amendment) Bill, 1934*, to amend the Madras District Municipalities Act, 1919.

### Report of the Select Committee to be presented to the Legislative Council of the Governor of Madras.

Under S.O. 41 of the Standing Orders of the Madras Legislative Council, the following Report of the Select Committee on the Bill to amend the Madras City Municipal Act, 1919, for certain purposes (Bill No. 11 of 1934), together with the Bill as amended by the Select Committee is published:—

BILL No. 11 OF 1934.

To

THE HONOURABLE THE LEGISLATIVE COUNCIL  
OF THE GOVERNOR OF MADRAS.

The Select Committee appointed to consider the Madras City Municipal (Amendment) Bill, 1934 (Bill No. 11 of 1934), has the honour to make the following report.

1. The Bill was published in the Fort St. George Gazette in English on the 24th July 1934.

2. The Committee was appointed on the 4th August 1934. By a resolution of the Legislative Council, dated the 22nd March 1935, an instruction was given to the

IV-1

Committee that it do make its report on or before the commencement of the next session of the Council.

4. The Committee met

at Madras on the 17th, 19th, 20th, 21st and 24th September 1934; 10th, 12th, 13th and 14th December 1934; 15th, 16th and 17th January 1935; 7th, 8th, 9th and 11th February 1935; and at Ootacamund on the 19th, 15th, 16th, 16th, 16th, 17th, 18th, 21st, 22nd, 23rd, 24th, 26th, 27th, 28th, 29th, 30th and 31st May 1935:

i.e., altogether on thirty-three days, for considering the Bill. It met at Madras on the 2nd and 3rd July 1935 to pass its report.

5. The Committee has subjected the provisions of the Bill to a prolonged and careful scrutiny and, as a result thereof, has made numerous amendments in the Bill. The Committee does not think it necessary to refer to all of them, but the more important of them are referred to below.

6. *Clauses 4—Section 5.*—One of the main subjects dealt with in the amending Bill under report, is the composition of the Council. The Committee by a majority considers that the total number of members of the Council should be increased to 65, of whom 45 (including three Ahi-Dravida and two labour councillors) should be elected divisional councillors, as against 50 and 49, respectively, provided for in the Bill. An amendment to fix the total number of members of the Council at 70 has not been approved by the Committee. While the Bill provided separate representation to commercial institutions by allotting three seats to the Southern India Chamber of Commerce and one seat each to the Nateskatti Namaswathas' Association, the Southern India Shirs and Taxes Association and the Pisco Goods Merchants' Association, the Committee has decided by a majority to allot five seats jointly to the Chambers and Associations mentioned above as well as to two other new Associations, the Andhra Chamber of Commerce and the Rice and Grain Merchants' Association. The Committee thinks that one seat should be allotted for election to the members of the Senate of the University of Madras. The Committee has considered it desirable to recognize statutorily the right respectively (i) of the Madras Port Trust, and (ii) of the South Indian and the Madras and Southern Mahratta Railway Companies to elect a councillor of the Corporation. In doing so however, the Committee desires to recommend to the

Government that the claims of the Madras Corporation for a seat on the Board of Trustees of the Madras Port Trust and on the Advisory Committee of the South Indian Railway Company might be recognized, and that the Government might be pleased to undertake the amendment of the Madras Port Trust Act and to arrange with the South Indian Railway Company, for securing such representation.

7. *Clause 4—Section 5 (1) (b).*—The Committee has retained the provision for the election of five aldermen by the councillors of the Corporation, but considers that one of the five should be a woman.

8. *Clauses 4 and 24 to 29—Sections 6 and 45 to 53.*—It is however in the number and character of the divisional councillors that the Committee has made the most important changes in the Bill. The scheme of the Select Committee in regard to the election of the forty-five divisional councillors to the Corporation is as follows. Forty, out of the forty-five divisional councillors, will be holders of what may, for the sake of convenience, be described as general seats, while the remaining five divisional councillors will consist of (1) three special representatives of the Adi-Dravidas, and (2) two special representatives of labour. For the purpose of electing the forty divisional councillors holding the forty general seats, the City will be divided into forty divisions, each being a single member constituency for the return of one councillor. Out of these forty divisions, three will be selected by the Local Government for the special representation of the Adi-Dravidas. In each of these three selected divisions, the Adi-Dravida electors will elect an Adi-Dravida councillor to represent them and the other electors will elect an additional councillor to represent them. In the remaining thirty-seven divisions, the Adi-Dravida and other electors will vote jointly, and elect a single councillor. Adi-Dravidas will be entitled to stand for election in these constituencies along with members of other communities who are not Adi-Dravidas. The result is that according to the Committee's scheme there will be thirty-seven divisions in each of which the electors voting jointly will elect one member from among all communities, including the Adi-Dravidas, and three divisions in each of which the Adi-Dravidas will elect a representative of their own, while the other communities will elect another representative. Thus,  $37 \times (2 \times 1)$ , i.e., 43 seats are made up.

9. Some members of the Committee dissent from the decision of the Committee regarding the method of

securing the special representation of the Adi-Dravidas. They would make provision for such special representation by the reservation of a seat for Adi-Dravidas in each of the three adopted divisions of the City which would be constituted a plural constituency with a joint electorate for the return of two members, of whom one would be an Adi-Dravida—on the analogy of reservation of seats for Non-Brahmins in various constituencies of the Local Legislative Council or of reservation of seats for Adi-Dravidas or minorities in the local bodies of the Presidency. They are against the separation of the Adi-Dravidas from the others into a separate electoral compartment in the few constituencies in which seats are reserved for them. The Committee is fully alive to the seriousness of the problem and is conscious that, in overruling the proposal for a joint electorate and reservation of seats, it is going against the implications of what is known as the Poona Pact, but, in view of the objections which the Adi-Dravida members who were present at its meetings have raised to other alternative proposals, and as, if it is worth while giving special representation to the Adi-Dravidas at all, it is best to allow them to choose their representatives themselves, the Committee has by a large majority resolved to make the recommendation already set forth.

10. The remaining two divisional seats, which will be allotted for the special representation of labour, will be allocated between two territorial constituencies into which the City will be divided. In these constituencies, manual labourers and ordinary members of registered trade unions will form a special electorate for the return of the labour candidates.

11. *Clause 25.—New sections 45, 46, 46-A, 46-B, 47, 48, 49 and 49-A.*—As regards the franchise, the Committee has discussed various proposals and the result of its deliberations may be thus stated. The residence qualification is retained for divisional councillors, that is to say, unless a person has resided in a division for one hundred and twenty days in the aggregate in the year preceding the publication of the electoral roll, he will not be eligible for inclusion in the electoral roll of the division. The Bill does not modify the provisions of the existing Act by which there is no residential qualification for non-divisional councillors, nor does the Committee think it necessary to make any change in this respect. The Committee has however exempted from the operation

of the residence qualification, persons who are employed in the City of Madras, whose non-residence may be due to absence on leave out of India from such employment. This exemption will qualify a large number of residents of the City, especially Europeans, who are employed in the City but might not possess the residence qualification on account of absence from the City during the previous year on leave out of India. In addition to the qualification by residence, an elector should possess what may be described as a property qualification which consists in (i) his payment of any one of the following taxes to the Corporation, namely, property tax, tax on companies or profession tax, or (ii) his payment of the tax under the Madras Motor Vehicles Taxation Act, 1934, or (iii) his payment of ground-rent to Government in respect of lands situated in the City of Madras, or (iv) his being a mortgagee with possession, or a lessor or a tenant of immovable property of an annual value of Rs. 50 in the City, or (v) his being the guardian of a minor possessing any of the abovementioned qualifications, or (vi) his being a retired pensioner, a discharged officer, a non-commissioned officer or soldier of His Majesty's Regular Forces. In this connection, the Select Committee discussed the question whether mere assessment to tax without any payment of tax should qualify a person to be a voter. The Committee is of the view that mere assessment to a tax is insufficient and that payment of tax as above mentioned is necessary. By enlarging the franchise so as to give the right to vote to any person who has paid to the Corporation any one of the three taxes mentioned above, an appreciable percentage of the population of the City is likely to become enfranchised. The Committee considers that it is unnecessary to make a special provision allowing a right to vote either to assessors or payers of income-tax or to persons owning or occupying lands in the districts, or to persons paying taxes to local bodies in the municipal, and other persons of that type. The retention of the literacy qualification which had been provided for in the B.R. was urged before the Committee, but the Committee by a majority of seven to six decided against it. In doing so it has been guided by two considerations, namely:—Firstly, it will not be in the best interests of the Corporation if mere literacy should be treated as an alternative qualification to payment of tax to the Corporation. Most persons who are assessed to municipal tax in the City would be literate

persons, and the incentive to payment of tax would be removed if they should be entitled to a vote in the Corporation, by mere reason of their being literate, although they may not have paid any of the taxes due by them to the Corporation. Secondly, it is very difficult in the City of Madras to formulate and enforce any satisfactory test of literacy.

12. The Select Committee does not think it desirable that the wife of every person possessing property qualifications for a vote should herself be a voter.

13. Some members contended that the qualifications for franchise in the Corporation of Madras should not be more restricted than those proposed to be prescribed to the Madras Legislative Assembly under the new constitution. An amendment that payment of any kind of tax or even of a licence fee to the Corporation, combined with the residence qualifications, should render the person paying the same, eligible to a vote in the Corporation was not accepted by the Committee.

14. The Committee has no satisfactory data to go upon for the purpose of determining even approximately the percentage of the population of the City who would become enfranchised by the qualifications which it has fixed for electors in the City. Therefore the Committee is not able to say whether the percentage of Ahi-Dravidas possessing these qualifications to their population would be comparatively less than the percentage of the members of the other communities possessing these qualifications, to their population, or not. If it is found to be less, the Local Government would have power to prescribe a lower franchise for the Ahi-Dravidas so as to bring up the percentage of their enfranchised, to their population to the level of the percentage of the enfranchised of the other communities to the population of such other communities.

15. *New section 49-A.*—As regards the franchise for labour, the Committee's decision is as follows. No person should be included in the electoral roll of a labour constituency unless he is himself either a manual labourer resident in the City of Madras and working in a factory, as defined in the Factories Act, 1934, situated in the City of Madras or an ordinary member residing in the City of Madras, of a trade union registered in the City at least one month before the preparation of the electoral roll, and actually engaged or employed in an industry with which the trade union is connected.

16. The important changes made by the Select Committee in the constitution of the council has rendered it necessary for it to have the clauses of the Bill relating to the subject redrafted. The Committee has also deemed it desirable, instead of defining the qualifications for franchise in a separate schedule (Schedule II-A of the Bill), to have them set forth in the proper place in the body of the Bill itself.

17. Clause 22 (Section 33-A) and clause 33.—The only other important amendments made by the Committee in this portion of the Bill which require to be mentioned are (i) the provision which it has introduced for the devolution of the functions of the Mayor upon the Deputy Mayor in cases where the Mayor has been continuously absent from the City for more than 15 days or is incapacitated, and (ii) the reduction from four years to three, of the term of office of the councillors. So much about the composition of the council.

18. Clause 44—Section 85.—As regards the officers of the Corporation, the Bill had proposed the compulsory appointment of an Electrical Engineer in addition to a Health Officer and an Engineer and a Revenue Officer. The Select Committee thinks that the appointments of an Educational Officer and a Water-works Engineer should also be included in this section and it has accordingly done so, and has fixed the minimum and maximum limits of their salaries. It has also reduced the minimum of the salary of the Health Officer, Engineer and Electrical Engineer from Rs. 600 to Rs. 580, while leaving the maximum of Rs. 1,500 untouched.

19. Clause 62—Section 110.—On the subject of taxation, the Select Committee thinks it desirable to exempt from the companies tax not only any co-operative society the exemption of which the Commissioner may recommend as proposed in the Bill, but also any society the paid up capital of which is less than Rs. 50,000.

20. Clause 216-A (Rule 7 of Schedule II).—As regards the proviso to rule 7 of Schedule IV, which refers to the taxation of companies the head or principal office of which is not in the City, the Committee is of opinion that the doubling of the rates previously in force, would result in excessive taxation, and the Committee has therefore retained the existing rates but extended them to cases where the income is above Rs. 20,000. The rates which it has approved are as follows:—Where the gross income does not exceed Rs. 5,000, Rs. 25 per half-year

where the gross income exceeds Rs. 5,000 but does not exceed Rs. 10,000, Rs. 50 per half-year; where it exceeds Rs. 10,000 but does not exceed Rs. 20,000, Rs. 100 per half-year; thereafter the tax rising by an additional sum of Rs. 25 for each sum of Rs. 5,000; up to a maximum of Rs. 1,600 per half-year. Thus a newly started company would pay a tax of only Rs. 25 per half-year. At the same time the Committee has provided that if at the end of the first year of the working of the company, it is found that its gross income has exceeded Rs. 5,000, the balance of the tax after deducting the initial payment of Rs. 25 might be collected.

21. *Clause 71—Section 118.*—In section 118 of the existing Act, under clause (b), one carriage and two animals belonging to the members of the Town Police or to the servants of the Corporation employed on out-door duties are exempt from the carriage and animal tax. The Committee considers that the exemption should extend only to any carriage or animal required to be kept for the discharge of the official duties of the officers referred to. It has amended the clause accordingly.

22. *Clause 77—Sections 129-A and 129-F.*—In regard to the new tax on advertisements introduced by clause 77 of the Bill, the Committee has definitely fixed the liability for the payment of the tax in the first instance on the person erecting, exhibiting or fixing the advertisement. It has inserted a provision by which notices of public meetings or notices of election to legislatures or the Corporation or of candidature in respect of such elections, will not be treated as advertisements for the purpose of the advertisement tax. It has also inserted a provision by which, subject to the law, the advertisement tax can be farmed out by the Commissioner for a period not exceeding one year.

23. *Clause 80—Section 137-B.*—The Committee has inserted a general provision applicable to all taxes by which if for any reason any person liable to pay a tax has escaped assessment, the Commissioner may, at any time within three years from the date on which such person should have been assessed, claim and demand payment of the same from him.

24. *Clause 216.*—In Schedule IV, Part I-A, rule 3, the Committee has decided that before amending the property-tax assessment books, the Commissioner should give notice to the parties concerned and hear their objections, if any.

26. *Clause 220—New rule 14—Schedule IV.*—On the subject of the disposal of taxation appeals, the Committee has effected a very important change. The Bill as introduced provided for a resort to the Small Cause Court against the decision of the Commissioner regarding objections to taxation and had done away with the standing committee which at present has a right of decision in matters where the applicant is dissatisfied with the order proposed to be made by the Commissioner. The Committee is of opinion that such a direct resort to the Small Cause Court against the decision of the Commissioner would not only be fraught with great inconvenience and expense to the public, but also place the Corporation under the necessity of defending at great expense numerous suits in court. It has therefore decided that the intervention of another authority between the Commissioner and the court is quite necessary, and after discussing various alternatives has decided that the proper machinery for hearing taxation appeals from the Commissioner would be a committee specially constituted for the purpose, called the Taxation Appeals Committee, consisting of two councillors elected by the council and a chairman to be appointed by the Local Government with or without remuneration. From the decision of that committee, an appeal would lie, as now, to the Small Cause Court. Some members of the Select Committee are against the introduction of a non-councillor into the Taxation Appeals Committee, while another member dissents from the decision of the Committee to have any councillor at all on the Taxation Appeals Committee.

25. *Clauses 83 and 84—Sections 142 and 143—Borrowing.*—Among the purposes for which the Corporation can borrow, has been included the purpose of their clearance and construction of tenements; and among the investments in which the sinking fund could be invested have been included the Karachi, Bombay and Calcutta municipal debentures.

27. *Clause 35—Section 154.*—As regards the budget, the Committee has fixed the 15th January instead of the 31st January as the last date within which the Commissioner should submit it to the Standing Committee. The Select Committee has also provided that, in preparing the budget estimates the Commissioner shall make a provision for a closing balance of not less than rupees one and a half lakhs instead of one lakh, under General Account—Revenue.

28. Clause 99—Section 171-A and 171-B.—The Bill as introduced contained a provision for making metering compulsory in respect of all house service connections and it fixed a period of two years from the date of the commencement of this Act for the complete metering of all houses. The Committee has decided that a statutory provision for the metering of all houses is unnecessary and undesirable, as it would involve serious expenditure on the Corporation. The Committee has decided that the metering of houses should ordinarily be on the basis of the number of taps contained in each house, that all houses with three or more taps should compulsorily be metered, and that the metering of houses with one or two taps should be left to be dealt with by the by-laws. It has also extended from two to three years the period within which the metering should be effected. The Committee has accordingly made the necessary changes in the clauses relating to metering. But some members of the Committee are opposed to compulsory metering of houses even to this extent. The liability for the payment of all charges connected with the fixing of the meter has been placed on the owner and occupier of the premises jointly and severally.

29. Clause 111—Section 219.—Under existing section 219 of the Act, a private street can be declared to be a public street on the requisition of three-fourths of the owners thereof. The Committee has decided that a mere majority of the owners should have the right to have a street declared public, and has amended the section accordingly.

30. Clause 125-A.—The Committee has not considered it necessary to make any elaborate changes in the chapter relating to cheris. It, however, considers that the decision of the Standing Committee whether a particular area is or is not a cheri should be subject to the approval of the council, and that a like approval should be necessary for defining or altering the external limits of a cheri. In the new sections 257-T and 257-U, it has added a provision to the effect that the scavenging of streets and of common privies in cheris shall be done by the Corporation free of cost.

31. Clause 130.—Section 255-C enables the Commissioner to issue a licence for a private cartstand and to levy a fee for every such licence, not exceeding

Rs. 600 per annum. The Committee has exempted from the operation of this provision all private cartstands where no fees are charged.

32. *Clause 163—Section 331.*—In section 331 which empowers the Commissioner or the Health Officer to enter any place in which any dangerous disease is reported or suspected to exist, and remove or cause to be removed therefrom any person who is suffering or is suspected to be suffering from any dangerous disease, the Committee has considered it desirable to state expressly that the Commissioner or the Health Officer is not expected to exercise the powers, except in cases where he is satisfied that adequate arrangements are not made or do not exist for the proper care and treatment of the patient.

33. *Clauses 172-176.*—These clauses empower the Local Government to make by-laws and provide for all or any of the matters in respect of which under section 349 the Corporation has power to make by-laws. The Bill as introduced also contained provisions relating to the cancellation or alteration of by-laws. In view of section 15 of the Madras General Clauses Act, 1891, the Committee has deleted all the amendments relating to the cancellation or the alteration of by-laws; and as regards clause 172 which empowers the Local Government to make by-laws, the Committee considers it more consistent with the other provisions of the Act to empower the Government to make 'rules' providing for any matter in regard to which the Corporation has failed to make by-laws or has made inadequate by-laws. Necessary amendments have accordingly been made in clauses 172 to 176. Some members of the Committee are of opinion that the Government should not have power to override the discretion of the Corporation in the matter of making by-laws, especially as the by-laws of the Corporation require the approval of the Government before they acquire validity.

34. *Clause 193—Section 379-A.*—In new section 379-A the Committee has inserted provisions giving power to the Commissioner to enter into and put a stop to the doing or continuance of any act without licence or permission, where such licence or permission is necessary for the doing or continuance thereof.

35. *Clause 213—Section 413.*—As regards the transitional provision introduced by clause 213, the Committee

considers that it is quite adequate. It has fixed the 1st November 1936 as the ultimate limit within which the old council should retire and the newly elected and appointed councillors should come into office. It agrees that the names of the councillors retiring at the end of each year after the first election should be ascertained by the council by lot or, if the Local Government so direct, otherwise than by lot; and as the total number of divisional seats has been increased to 45, it has permitted 15 seats to be vacated at the end of each year after the 1st November 1936. Some members of the Committee are against the principle of retirement of councillors by rotation and are in favour of a general election once in three years.

36. Clauses 231 and 232—*Rules 3 and 4—Schedule F*.—Among the purposes to which the municipal fund may be applied, have been newly included the provision of health visitors, midwives and dais for attendance in maternity cases, the organisation of health propaganda in slums and other areas, the maintenance of rescue homes, and improvements to burial and burning grounds and crematoria.

37. Numerous other changes have also been made in the Bill. It would take too long to refer to them all here. They are all shown in the Bill as amended by the Select Committee, which is annexed.

38. The changes made by the Committee are so numerous and important that in its opinion the Bill should be republished.

39. The Committee places on record its appreciation of the valuable services rendered to it by Mr. M. A. Muthiah Chettyar, the Chairman of the Select Committee, Dewan Bahadur R. V. Krishna Ayyar, the Secretary to the Madras Legislative Council, and Mr. T. B. Russell, the Secretary to Government in the Local Self-Government Department and expresses its thanks to them.

M. A. MUTHIAH CHETTYAR,  
Chairman.

(2) When any such resolution has been passed, the commissioner shall make a plan for the improvement of the said cheri or hutting ground or portion thereof, together with such estimates as may be necessary for a due understanding of the same, and may then purchase or acquire the said cheri, hutting ground or portion, and such plan shall be deemed to be the standard plan of the cheri or hutting ground.

257-S. (1) Every street or passage in a cheri or hutting ground which is shown in the standard plan approved under this Chapter for that cheri or hutting ground and which is not already a public street, shall, unless such street or passage is declared to be a public street under section 219, be deemed to be a private street and the portion thereof which falls on the land of each owner shall belong to such owner:

(5) If, after all the buildings or huts standing on any land have been removed under sub-section (3), any application is received for erecting any building or hut on such land, the commissioner may, by notice, require the owner of the land to carry out such improvements included in the standard plan as he may think fit.
